## Education

**B.S. in Computer Systems Engineering** at Palestine Technical University Khadoorie - PTUK *Sep, 2017 – June, 2022*

## Work Experience

### ► Full Stack Supervisor | Knowledge Academy

*Jan, 2024 - Present*

Supervising, following up, giving lectures with participants, and providing notes on appropriate solutions and best practices.

## Personal Projects

### ► Mercy Pharm

Developed a MERN stack website for users seeking care products. Used Node.js, Express.js, and MongoDB for backend operations. Integrated Joi for validation and Cloudinary for photo uploads. Frontend built with React.js, Vite, Tailwind CSS, Framer Motion, i18next, and Swiper for a dynamic and intuitive user experience.

## Technical Skills

---

- **Languages:** HTML, CSS, JavaScript, TypeScript.
- **Databases:** MongoDB.
- **Frameworks:** React JS, Node JS & Express JS.
- **Tools:** SASS, Tailwind CSS, Git & GitHub.

## Soft Skills

---

- Problem Solving
- Communication Skills
- Adaptability
- Time Management

## Languages

---

- **Arabic** (Native)
- **English** (Intermediate)
